WILLIAMSBURG BOAT CLUB

WBC is a community rowing club supporting adult, high school and middle school rowers. The adult (Masters) program started in 2003 and has 40 adult rowers. The High School program started in 2014 and is growing rapidly with nearly 80 High School rowers and our Middle School program is packed with 20 rowers. The club supports rowers from Williamsburg-James City County, York County, Charles City County, Matthews and Richmond. Rowing builds physical strength and endurance, but more importantly, rowing builds determination, self-discipline, loyalty, and camaraderie. We support all of our rowing programs with high-quality leadership and equipment to ensure participants are competitive as well as safe.
